In making these appointments, the Board of Commissioners shall give priority consideration to candidates recommended by the Stokes County Fire and Rescue Association. In making these appointments, the Board of Commissioners shall identify possible candidates by using the same recruitment procedures as with other appointed boards, committees, and commissions, but shall specifically invite recommendations from the Stokes County Fire and Rescue Association. Each member shall serve a term of two years without a limit on the number of terms to which he/she can be re-appointed provided that he/she continues to meet the qualifications and duties described in Parts III and IV of this document. During the term in which the member is serving, if the member’s status changes and he/she no longer meets the qualifications described in Part III, the member shall resign and the Board of Commissioners shall appoint a successor to complete the remainder of his/her term, following the same process used in making the initial appointment. **Part IV Elimination of Potential Conflicts of Interest**

The following step shall be taken to eliminate the possibility of conflicts of interest and to maintain the credibility of the Fire Commission:

- During the meetings in which the service district budget is developed, revised, or finalized, any Fire Commissioner who is an active member or board member of the agency being examined shall be excused from consideration and action on that particular budget. Control of the meeting shall be passed to the vice-chairperson should the chairperson need to excuse for this purpose.
