

Stokes County Tax Administration Notice of Inspection for the 2017 Real Property Revaluation

The Stokes County Tax Administration is currently collecting field data for the upcoming 2017 County-Wide Revaluation. This postcard is intended to inform property owners of an approximate date when their property will be inspected and what type of information the appraisers are looking to obtain during this visit.

Process for field data collection:

Upon arriving at the property, we will make the property owner aware that we are with the Tax Office and ask a few standard questions concerning their property. If nobody is at home, that's okay. We will leave a doorhanger making you aware of our visit. We will continue our exterior inspection of the property including:

Verify exterior measurements of structure,

Inspect overall condition of structure,

Verify data elements such as type of exterior siding, roof, porches, decks, garages, sunrooms and any other exterior feature,

Verify outbuilding information,

Take photographs of dwelling.

This process should take approximately 10 minutes and requires no access to the interior of the structure.

The Stokes County Tax Administration is scheduled to be in your neighborhood to collect/verify field data for the 2017 Revaluation sometime in the following date range.

Example:

July 1, 2014– DEC. 31, 2016

M-F 8:00 AM–5:00 PM
