

SPAY STOKES

An un-spayed female dog, her mate and all of their puppies and their puppies' puppies, if none are ever spayed or neutered, add up to:

1 year - 16
2 years - 128
3 years - 512
4 years - 2, 048
5 years - 12, 288
6 years - 67,000

Each day, 10,000 humans are born in the US and 70,000 puppies and kittens are born. As long as these birth rates exist, there will never be enough homes for all of the animals. As a result, millions of healthy cats, dogs, kittens and puppies face an early death as a form of animal control. **But you can be a part of the solution by choosing to spay and neuter your pets!**

Please visit our website at: www.spayspokes.com and if you meet the guidelines listed, you can have your dog spayed or neutered for \$20 or less (add \$12 if your pet does not have a current rabies vaccination). Cats are \$10 or less (add \$12 if your pet does not have a current rabies vaccination).
